<div align="center">Information: Final Exam</div>

Statistics 207
Winter Quarter, 2016

Friday, March 19, 3.30-5.30.   Final Examination
Some useful information for the Final

      a) The exam will be closed book and closed notes. However, you may bring four sheets (letter size, both sides) with formulas etc. on them.

      b) Please bring a calculator.

      c) Please photocopy the statistical tables (Normal, t, , F, Hartley Distribution and Studentized Range Distribution) for use during the exam.

      d) Please bring a blue book or some paper for the exam.

The Final Exam will cover:

Handouts 1-10, 12-16, Supplementary Notes 1, 2 and the following:

1. From "Applied Linear Statistical Models";

Sections 14.1-14.10 of chapter 14 (Logistic Regression),

all of chapter 19(Two-Factor Studies and Equal Sample Sizes),

all of chapter 20 (Two-Factor Studies – One Case per treatment),

all of chapter 21 (Randomized Complete Block Designs),

all of chapter 23 (Two-Factor Studies with Unequal Sample Sizes),

all of chapter 24 (Multi-Factor Studies),

all of chapter 25 (Random and Mixed Effects Models) [you may skip MLS procedure],

all of chapter 26 (Nested Designs, Subsampling, and Partially Nested Designs),

Sections 27.1-27.2 of chapter 27 (Repeated Measures and Related Designs).

2. From "Extending the Linear Model with R" by Julian Faraway;

all of chapter 2 except Section 2.12 (Binomial Data),

all of chapter 5 except Section 5.2 (Multinomial Data),

all of chapter 9 (Repeated Measures and Longitudinal Data).
